<b>Upper material</b>	PU coated leather, Nubuck
<b>BOA® lace length</b>	85 cm

Sievi Spike® footwear comes with a patented stud mechanism integrated into the sole structure. The studs can be twisted in and out without taking the shoes off. The studs provide firm grip on ice covered by snow or water, making them the premier choice of safety footwear for winter conditions. Features a waterproof and breathable GORE-TEX membrane and BOA® Fit System.
